SELECTMEN'S REPORT

1. During 1950 Tinker road and Wilson Hill road were completed and surfaced with State Aid and town funds. The finishing of these two roads marks the completion of a three year road improvement project.

2. A new fence has been erected at the Thornton's Ferry cemetery. This was a project accomplished by Thornton Grange with the town furnishing the materials.

3. A Civilian Defense director, Dr. George S. Baldry was appointed in December, under whose direction a Civilian Defense program has been established in conjunction with the State Defense director. Some consideration should be given to the desirability of making an appropriation for this work in 1951.

4. During 1950 the Selectmen expended $300.00 for legal services of Upton & Upton of Concord, N. H. in representing the town at a hearing before the Public Service Commission in an attempt to prevent the Boston & Maine R. R. from discontinuing its agency at Merrimack. After the hearing the Public Service Commission ruled that the railroad must continue to operate the Merrimack agency. The Selectmen felt that the railroad agency was of vital importance to our industries.

5. A new combination tank truck and pumper was purchased for the Fire Department out of the town's surplus at a cost of $5519.00.

6. One coat of lead and oil has been applied to the Town Hall and the second coat will be applied in the spring. This project was voted last year to be paid for out of the surplus.

7. The Police were authorized by the Selectmen to purchase a two way radio for use by the department. This radio is part of the Nashua Police network. The expenditure for this item was $400.00 and came out of the Police Department's appropriation.

8. Two additional street lights have been installed in Thornton's Ferry and South Merrimack.

Respectfully submitted,
PERLEY J. GREELEY
HOBART A. PENROD
EDWARD J. HASELTINE
Selectmen.

MERRIMACK FIRE DEPARTMENT

FIRE ALARM: International Shoe Company Whistle. 2-2-2 Reed's Ferry, 3-3-3 Merrimack Village, 4-4-4 Thorntons Ferry Village, 5-5-5 South Merrimack Village, 6-6-6 Christian Hill Section, 1-2, 1-2, 1-2 Seaverns Bridge Section.

Your fire company appreciates the assistance given by all in helping to prevent fires and extinguishing same. We welcome your suggestions and extend an invitation to any one that wants to come into any of our meetings for information or to give suggestions.

Our two big fires on May 7, 1950 cost the town $1619.88. The town will recapture from the state $533.83 and from the School contractor $512.22.

Fixed Expenses of the Department:

Hydrant rental, Merrimack Village	$320.00
Heat and light at Stations	247.62
Telephone	86.62
Firemen's Retirement Insurance Personal Liability	93.00
Liability insurance personnel	
Liability insurance equipment	301.80

The remainder of our budget is spent on maintenance of equipment and duty payroll.

Man hours expended on hose	44	hours
Man hours expended on house fires	108½	hours
Man hours expended on drills	167	hours
Man hours expended on dump fires	123½	hours
Man hours expended on officers meetings	4	hours

The month of December your fire company accepted delivery of an 800 gallon tank mounted on a Ford F 6 chassis with a 500 gallon front end mounted pump, which cost $5,000.00, extra equipment $519.04.

We are your servants and appreciate every courteous act and assistance extended the company. The Legion Auxiliary will handle at all times our rations.

May we suggest in case of fire, call the fire department; after that do everything you can to put the fire out, keep buildings closed as much as possible.

When the department arrives tell them where water is available, where the main switch is located, where the oil tank is placed. Tell them where the stairs are, hallways and passageways and any other information that will give them a working knowledge as to construction of the building.

YOUR FIRE COMPANY

Any person having Indian pumps belonging to the Town, kindly return same to fire barn. There will be force applied relative to this.

FOREST FIRES — OUR MOST SHAMEFUL WASTE

Everyone apparently fears fire but too many are careless with it. This is particularly true of fires in and near woodlands. Official figures show that more than 98 percent of all forest fires result from human carelessness and can be prevented. Consequently, we may say "Forest Fires are our most shameful waste."

Annual forest fire losses are tremendous and their effects far reaching. Such fires destroy the raw products of the forests, the protection forests provide for game and the supply of ground water. They upset local economies by drawing men from gainful employment and requiring expenditure of public funds to extinguish them.

Our forest fire organization is doing a good job in keeping the size of fires small but the number of fires is increasing. In 1949 there were 100 more fires in New Hampshire than in 1948, but they burned 500 acres less. For the warden and his deputies to do the job they are capable of, they must have the cooperation of the public — YOU!

The primary objective of all fire fighters is PREVENTION—fire stoppage. This is the goal toward which your local forest fire warden and his deputies are constantly working. It can be achieved ONLY if YOU and YOU and YOU cooperate with them. It is worth YOUR effort and can be accomplished by:

1. Being careful with fire in or near woodland, being particularly careful with matches and cigarettes.
2. Securing the required written permit from the warden when the ground is not covered with snow.
3. Insisting that others be careful and comply with burning requirements.
4. Calling the warden promptly when fire is detected and aiding him to extinguish it.

Let's reduce the number of forest fires and eliminate our most shameful waste.

Number of Fires, 19
Acreage Burned, 31.

Closing of the library year brings reflections on the changes that have taken place in the town, hence in the library. New names have been added to our reading lists, children, young people and adults. Their field of reading is wide. We try to get books to suit them all, not only for recreational reading, but for study and the various projects in which they are interested and to build the background every library should have. We supplement by borrowing books from the State Library. Most borrowers are conscientious in the return of books. Careless borrowers bring unnecessary work to the library. At the annual library day of the Community Club and guests, Lawrence W. Henderson from the State Labor Bureau was the speaker.

REPORT OF THE
THE SUPERINTENDENT OF SCHOOLS

To the Merrimack School District:

I herewith submit my second annual report on the condition of your schools.

The past year has been highlighted by the following developments: 1) Completion of the new high school building, 2) An attempt to improve the transportation system, 3) A continuing increase in school population and 4) Retention of our most able teachers and hiring excellent replacements.

Although to many the erection of the building has seemed a slow process, we can well feel pleased that it is now finished and at a reasonable price. Many school districts have had much longer delays than we have, and in the meantime prices have advanced at least 15%. Today we would have a very difficult task letting a contract for such a building.

An attempt was made to improve the bus situation by sending one large bus up the old Amherst Road. Whereas this move has affected some saving, it has also made it necessary for some pupils to leave home much earlier and arrive home much later than before. The increased school population along the D. W. Highway has been partly responsible for this, making it necessary to make two trips. I feel we should continue to study this problem to see what can be done to relieve the situation even more.

The increasing school population has continued its upward trend causing serious overcrowding in grades 3 and 4. Next year we can expect large enrollments in grades 3, 4 and 5. Although our two teachers have been very patient and have made the best of the situation, some thought should be given to alleviating this situation next year. Forty pupils or more per room is neither fair to pupils nor the teachers.

The turnover of teachers was the smallest it has been for several years. Retaining good teachers helps to improve the instruction about as much as any other single factor. Our old and new teachers have been very conscientious and have done the best job possible under conditions that existed.

The effects of the present crisis in world affairs will not be felt as much in the elementary grades as in the high schools and colleges. However, even the elementary schools will have to make some adjustments. There is bound to be shortages in certain school supplies and possibly even text books. The cost of these items can be expected to increase.

The biggest single effect can be expected in the form of a shortage of teachers even more critical than any we have yet seen. Every school district should carefully consider the part that salaries play in keeping and obtaining able teachers.

The fine cooperation of the school board, teachers and parents has made this year an enjoyable one. It is only through such cooperation that our schools can continue to improve.

Respectfully submitted,

HENRY J. HASTINGS

REPORT OF THE PRINCIPAL OF

McGAW INSTITUTE

The 1950-51 school year started with one hundred and seven pupils in the following classes:

	Grade	Boys	Girls	Total
High School	12	4	9	13
	11	2	6	8
	10	5	9	14
	9	5	11	16
		16	35	51
Junior High	8	19	7	26
	7	19	11	30
		38	18	56

Up to February 1st. one more pupil enrolled and five left school; two of these because of a change in residence.

With the addition of another teacher, Mrs. Wilfred Hevey, we have been able to add courses in typing, stenography and bookkeeping.

The annual senior play in March was "Cracked Nutts". Many of the capacity audience thought this one of the best acted plays that has been put on by the school for some time.

The Graduates of 1950:

Dorothy Dwire - Memorial Hospital, Nashua

Geraldine Horne - Hillsborough General Hospital, Grasmere

Donald Michie - Armed Forces

Thomas Murphy - Haseltine Brothers

Virginia Pynenberg - Married. Office at Leavitt's

Nina Tucker - Elliot Community Hospital, Keene

Emma Buker, who took a post-graduate course, is at The Concord Hospital, Concord.

The keen interest in public speaking was again demonstrated by the number of pupils who participated last April 14th. Students from the sixth, seventh and eighth grades competed in the annual prize speaking contest. The winners were:

1st. prize Norma Penrod
2nd. prize Dorothy Brown
3rd. prize Louise Morrill

In December the High School contest attracted eight participants; the winners being:

1st. prize Beverly Bullard
2nd. Prize Donna Penrod
3rd. Prize Dorothy Brown
4th. Prize Lois Sloan

In January the above four entered the contest at the University of New Hampshire and Lois Sloan reached the semi-finals.

In the "I Speak For Democracy" contest Donna Penrod was the school representative.

Beverly Bullard was chosen the candidate for the Daughters of the American Revolution Good Citizenship Contest.

We have been watching, with great interest, the progress of the construction of our new school. Our planning for the next few years must take into consideration the seriousness of the times and the fact that probably for the next ten years the greater part of the energy of our country will be spent in a rearmament program. Our boys and girls must be so trained, both physically and mentally, that they can be best prepared to take an active and constructive part in such a program.

EDMOND J. HOULE, Principal
